TELEPHONE PLAZA 9356 CATALOGUES ON REQUEST

SALES CONDUCTED BY MR. FREDERICK A. CHAPMAN

NOTE

The collection described in this catalogue comprises the entire stock of the well-known firm of Arthur of London, the proprietor having decided to retire from business. This firm started some years ago at 603 Fifth Avenue, with Mr. Fukushima as manager, and for four years has carried on business at 17 East 45th Street, from where this stock was removed. By order of the proprietor every object in the collection is offered at unreserved public sale.

During their tenure of business this firm has handled many rare and important pieces, but none more so than the apple green Ginger Jar illustrated in the frontispiece, which has been pronounced by the experts who have seen it as without a peer as to color, glaze, crackle and size. This piece alone is worth making a long trip to see. but the collection is rich in other objects of importance and interest and is throughout of a high average, forming an exhibition that is at once attractive and entertaining.
